Re: Notice of Ex Parte Presentation in CC Docket Nos. 96-45, 98-171, 92-237,
99-200, 95-116, 98-170, and NSD File No. L-00-72

Dear Ms. Dortch:

On November 1, 2005, F. J. Pollak, President and Chief Executive Officer of TracFone Wireless, Inc., and I met with Commissioner Jonathan Adelstein and Scott Bergmann, Legal Advisor to Commissioner Adelstein.

During the meeting, we reiterated positions TracFone has taken in its filed comments and prior ex parte submissions in the Universal Service Contribution Methodology proceeding. Specifically, we discussed why replacement of a revenues-based contribution methodology with a methodology based on working telephone numbers would produce significant dislocations to providers of prepaid wireless services and consumers of the services provided by prepaid wireless carriers. We also discussed the importance of addressing the unique circumstances of the prepaid wireless industry in any plan which revises the contribution methodology. In this regard, we referred to and provided Commissioner Adelstein and Mr. Bergmann with a copy of an ex parte letter filed with the Commission on October 21, 2005 in these proceedings. In that letter, TracFone proposed that providers of interstate telecommunications service who have no billing and collection relationship with their customers, such as prepaid wireline calling card companies and prepaid wireless carriers, continue to have their contributions to the Universal Service Fund based on their interstate telecommunications service revenues.
